

**NATIONAL SEMINAR CONFERENCE –DEPARTMENT OF PHYSICS**  
**POPULARIZATION OF SCIENCE**

- Name of the Project** : “Environmental protection - ways and Means.
- Funding Authority** : Tamilnadu State Council For Science and Technology.
- Fund Sanctioned** : Rs.15,000/-
- Date of Sanctioning** : 12.5.2014
- Date of conducting Seminar:** 16<sup>th</sup> July 2014.
- Programme conducted** : One day National Level Seminar on “Environmental protection–ways and means” to college students and staff on **16.7.2014**

**The seminar consisted of**

❖ **Technical session – I,II & III**

- **Session I-** -“Dr.Veera Ravi, Faculty Department .of Bio-Technology Alagappa University, Karakudi delivered a lecturer on the **Topic: Alternative to Antibiotics**
- **Session II** - Dr.N.Sakthivel , Professor Department of Bio-Technology, Pondicherry University was the Chair person for the second session he delivered a lecturer on the **Topic: Microbial Biodiversity And Its Biotechnological Potential.**
- **Session III** - Dr.K.MuthuChellian, Head Dept. of EVS, Madurai Kamaraj University, delivered a lecturer on the **Topic: Regional & Global Climate Change and Environment protection**

### ❖ **COMPETITIONS:**

- Paper Presentation – Topic : “ Pollution – Challenges & Remedies”
- Paper Presentation – Topic : “ Save our Mother Earth “

### ❖ **Tree Plantation**

### ❖ **Prize Distribution**

### ❖ **Valedictory Address**

## **REPORT**

EUREKA PHYSICS ASSOCIATION- Department of Physics conducted the National seminar conferences on “Environmental protection - ways and means” under the project “Popularization of Science” through TNSCST .The Department of Physics jointly with other Science departments organized the seminar. The staff and students from all states were invited to attend the National Seminar and to participate in the competitions. Around 600 students participated and won the prizes.To conclude, the whole project was highly instructive and interesting. We thank TNSCST for their financial help and continuous support for organizing Popularization of Science, it is useful for both Faculty & Students.
