**REPORT ON PROMOTING IPR AND DESIGN THINKING WITHIN THE
INSTITUTION AND INNOVATION**

Eureka Physics Association of Department of Physics through Institution's Innovation Cell organised a webinar on “Introduction to IPR and Design thinking and Innovation” on 9.7.2020 through Google meet platform. The programme started with the prayer song. The welcome address was given By Mrs.M.Kavitha, HoD of Physics and Pre-Incubation IIC Ambassador. Mrs.D.KarthigaRani, Principal (i/c) and IIC Chairman felicitated the occasion. Resource person I: Dr.C.Pushpalatha, Associate Professor of Commerce. Sri G.V.G.Vishalakshi College for Women (Autonomous) Udumalpet-642128, Tamilnadu delivered a speech on Introduction to IPR and briefly explained about what is IPR , Copyright, Geographical Indicators, etc. Next it was followed by the Resource Person II: Mrs.S.Preethi, Assistant Professor of Computer Application of G.V.G.Vishalakshi College addressed students about design and thinking and presented many slides regarding new innovative products. Nearly 52 participants of Department of Physics attended the meeting. Thus, these session provided the students a clear information about IPR and how to education society's requirement into an innovative product through design and thinking. Google feedback form were given and e-certificate were distributed to the participants. The vote of thanks was given by Mrs.C.Karthika, Assistant Professor of Physics.

REPORT ON CLINIC ACTIVITY TO COUNSEL AND MENTOR

POTENTIAL STUDENT INNOVATORS

Potential students with innovative ideas of Department of Physics and Department of Mathematics were identified and clinic activity to counsel and mentor was organised by Department of Physics through Institution's Innovation Cell on July 19,2020 at 6-7pm through Zoom meeting platform. The Resource Person was Mrs.M.Kavitha,HoD of Physics, N.M.S SermathaiVasan College for Women. Seven students from Physics, Two students from Mathematics and Seven faculty members from Physics attended the meeting. The Resource Person explained how the innovative ideas of potential students can be forwarded to progress by mentoring and had an interaction withthe student innovators. Three came out with their ideas.Ms.C.DevaKiruba Rani of II B.Sc.,Physicstalked aboutswachh smart gaming slot machine. Ms.Dharshini of II B.Sc.,Physics explained her thought about organic sanitizer which is very important essential need of the society in the current covid-19 scenario and Ms. J.JabaPrabaof III B.Sc.,Mathematicshintrospected about her recyclable organic sanitary napkins. This activity gave a platform for the studentsto come out with their creative ideas. The Resource Person concluded the session by encouraging their ideas and ways to promote it and how interdisciplinary works must be involved to succeed.

THE STARS

Astronomer and Nobel laureate Subrahmanyan Chandrasekhar's most notable work is the Chandrasekhar limit, which explains that if the mass of a white dwarf star exceeds 1.44 times that of the sun, it would implode.
