# MIC -MANTHAN 2021- Hackathon

MoE's IIC and AICTE announced the first of its kind Hackathon of India which is aimed at addressing the National Security through the extensive use of artificial intelligence.

Participant details:

Our students in 3 teams from Computer Science and Physics have submitted their idea for the problem statements on "Cyber Security".

I)Problem ID No: **INTL-IVA-13**

Problem Statement:**"Detection of Artificially Molded Fingerprints**"

Team Name: **DACTYLOGRAPHERS**   Department: Physics

Team Details :

S.No	Name	Gender	Designation
1	M.Uma Maheshwari	Female	Team Leader

S.No	Name	Gender	Designation
2	K.Meenakshi	Female	Team Member
3	T.J.Thilothama	Female	Team Member
4	P.Sindhu	Female	Team Member

II) Problem ID No: **INTL-NLP-11**   Problem Statement:**Abstraction-Based text summarization**

Team Name:**ORA CYNICS**   Department: Computer Science

Team Details :

S.No	Name	Gender	Designation
1	B.Indhuja	Female	Team Leader
2	Priyadharshini T B	Female	Team Member
3	T.Maheswari	Female	Team Member
4	M.M.Lingadharani	Female	Team Member

III) Problem ID No:**INTL-SA-03**   Problem Statement**: Identification of hate content**

Team Name: **TECH CRACKERS**   Department: Computer Application

Team Details :

S.No	Name	Gender	Designation
1	P.J.Indhumathy	Female	Team Leader
2	M.Sangareswari	Female	Team Member
3	B.Sivasri	Female	Team Member
4	P.Naga swetha	Female	Team Member
5	M.Koodeswari	Female	Team Member
