AVANIYAPURAM, Madurai
Workshop on Pranic Healing**

Report

Date:18.12.2025

A workshop on **Pranic Healing** was conducted on **18.12.2025** for the faculty members of our institution. The session was led by **Mrs. Karthiga Karikolraj**, a certified **Pranic Healer**. The objective of the workshop was to create awareness about energy healing and its impact on personal well-being, growth, and prosperity.

Mrs. Karthiga Karikolraj began the session by introducing the concept of **Pranic Healing** and explaining how the human body is surrounded by an energy field that influences physical, emotional, and mental health. She elaborated on the **chakras** present in the human body and their specific functions.

The resource person clearly explained the major chakras, especially those related to **wealth, growth, and success**. She highlighted how balanced and properly functioning chakras help in improving clarity of thought, emotional stability, confidence, and financial growth.

The workshop also focused on simple techniques to cleanse and energize chakras, helping individuals remove negative energy and enhance positive energy flow.

The session was interactive and engaging, and the faculty members actively participated.

It provided the faculty members with a new perspective on holistic development and the role of energy healing in achieving wealth, growth, and personal excellence.
